NEWSPAPERARCHIVE®

PRIDAY MORNING, AUGUST 10 1884. A OURSTION OF METHODS. What Mr R A. Clark says of the attitude of the journal toward the question of prohibition is an exaggeration or travelly of its position a small, we may suppose, of the intereo mathde into which those persons nabit ally full to continually look at a san set, 'n which all their feelings are enlisted, from one single coint of view This journal does not essen by a prohibitory law. But that consum stice atomped, even in Maire, is far rom the fact. If there were no o his proof the number of platform of the republicans of Manse which tere to be law unto itself. At least and has reasoned that problimings in that stand has reacted that problimings in that stand has reacted with reference to the reducerate of particular and the standard asserts that problingon in that state his re-sulted in practical annihilation of the traffic and pledging the party to communed support of the law It command to be leaded that only could visit the Perceillan that a common togressor of party church and raise that he was in any platforms is assecurity. The reput them but a Catholic church save leads party if Maise, in order to hold the by the appearance of the worshippers In

where prevails, pearl, all of the in sabstants are of the old stock that peopled Maine many. The mer who are converting our put pits into years ago, among much the vones upton of sensational lecture restrains, and our chareless Lave liquor laws here of more rigor and tirm-gency than there is vay ser since t 19,200 ord-no one at all paquateted with the Protestants not Catholics div imagines for a moment that

some functional smemement, which upon such a drawal of resources from regular business for subject can at best here only the froe of a statute—and, in fact, can be enforced only by temperature and the statute—and years a problem out of dider out of dider mac of waiting upon the slow and doubtful process of amending the one statution H. W SEIGH AND POOR

poor tarpayers " "The poor," his said 'pay how much" tar.? Esho answers, How much?" If so has no prepert, he pays nothing, if is During the year 1881 out of \$:6 608 000 ass small property, his tax is small, and if he assessed, he certain!" cannot be called '= poor taxpayer "There is a gree deal of nant upon this matter A recent over lar addressed very pretentionally "to the pecole of tes Pnited seserts that wealth has gained wrivel into classes of rich and poor-those who live While riers is no casputso general that with no sort of propriety can matte history of the war. It will be the people be told of into "classes line of division. These on y can be called poor sistance. What preprice do such bear of the whole body of our people?

The definition

The laffuition of rich and poor supplied u these complaints deserves a little examination.

It is given in the circular above queted as those who live on txed incomes, yet produce nothing, and hose whose later pavaill the taxes and supports all classes. The first class taxes and supports all classes. The first class of somewhere and starts desert — Macting Leader for the first produce nothings. The inference, however is natural that if they produce sure the produce and the starts desert after the start of the produce sure than the start of t produce snything, it ey are not riob no matter throwed feet access freend months the beauty of the control of t of making mency ire in nite, and vas hum been, beginning wishout other capita than their own ouergie are steadily symmetry wealth With only a very little fortune, the possess on any of w modest shop or estall farm, the threatening aspect of wealth begins results With only a very little fortune, the possess on any of w modest shop or established for the first shop of w modest shop or established for the first shop of which are considered as the construction of the wine of t means so much danger in accumulate property so the mon who run communist onece us instead of applying themselves o work

The Chicage Her tid to of the opinion that it hardly needed the opin one of such pairrotte son the north are at lands O A Londrane of Georgia and Senato John T Morgin of Ma mms in the New York Levale to remind indignated down to a very small ligner their Ladge to the Photo of Figure 1 bonded debt of the confidence. The the sign too danger the size are exceenely FASHIONS IN RELIGION.

The last man who has created a sensation is cival of Philadelphia, who has been acting as , To raz Entros or THE OREGONIAN known as the "ounrel of the Evangelists," and who has introduced into the church such inno the water otherwise known as the hort. This has exasperated some of his conpregation to such an extent but they have sought his re moval waite another faction who are evident ly looking forward to the day when ther shall be an English epeaking pope and when the redibitory law But that commun ston among Probestum denominations unsist upon norshas been stopped by it for naris his retention. The matter was referred to a local judge, who seeded that the high-church re no ohe proof the number of party were enseted by the fact that Percuval granned by the United States is sell worted himself in order to make it a tie the low church men having had a majority of one there though prouib ted by state law is yet in The case has been referred to the bisnop who a too flourishing co-action. We are called will pay no attention to noviking the courts upon to take notice of the declarant of the bare done us the church claims in these mat ties hitherto legally divorced

It is said the no person not a resident of boots that city could visit the Percivillan prohabitionise and prevent their four sugger every particular the outlines of Cathelic wor itg a separate take, which would give the ship were apparent. There were the acolvies state to the democrate have for meny years and the caudies, the genufications and all other state to the democrate have for many years and the candles, the genufications and all other with the permission of Pag Organizative will been accustomed to nake a "exist" of paper in special paper in specially supported by the permission of probabition, while "help of his have the walls were "overed with support at the permission of the law trained as the real paper. To fact, or other was written. favor of prohibition, while "belt officials have the walls were revered with scriptu al illus constant y winked at the vic atton of the law trained recueses In fact nothing was wanting empiring product on, which we want to show that p winked at the wr. anon of the law trained reques. In fact nothing was wanting and thus held large numbers of lawless leques to show that Protestantem was reld at a dismilers to the support of the resty. Al per-count Again, the choral services were de much exaggerated by those who seem to sup-pose that when a law pronounces a thing an eri the thing Lealf is thereby abshirated somewhat at variance with the primitive ins-sion of Cirislinity. If it be necessary to al There is ano her remark to be made about Maine as a psohibition take operationing in order that they may be assently that of all the states of our union kept away from improducing that they may be more probably its one share probabilities games and collar and-cibow wreating matches, would appear to produce the best results. The ion is stationary, there are no active movely once where off, what can be done to and busy cities, he tate realizes mone of the restors the sumplicity of religious worship realizes energy and qualing activity the circumstance of the restors and sumplicity of religious worship which alone can appeal to reason and com-

sensational leuture rostrums and our charches gro Into opers house will soon ind hey have laws, would be sauch below that of the average of sure attest. I would be idle, therefore, to expect the same apparent results from 170h bitton in Ohio or Prunsylvania as n Yame

Who supposed that a prohib tory law could be form and usages imitated will soon refuse to be content with any hogus attack but will prein Postiane. Ore; on with eyen the ism If members of the Episcound church de partial account that is claimed for i in Port- are such results but them stick to ritualistic land, Maine? It is notorious that agrees y we teachers and preachers of the Percival street

probletory law world be snything more than The Seastle Chronicle says the state tent that farce here, yet this as the wlace of all others six failures have occurred at Scattl is erro Occord where the abuses of the lighter raffic peous Only two it declares, have trace place are most flagring, nd where con agreetly and business there is on a very so id basis frobibition if it calld be made e sorve, is Tim Onagonyan had the statement recent to nost needed. Lat, is is said, give p ohi vition from sources which it deemed entirely trust a trial Very well, fone jor cust has earl repostedly that it is ready to id in gesting the
securance that the number of failures was over consent of the people to giving it a risk even stated. At every town where speculation is rise though it does, not think an effort to prohibit reverses of this sort are likely to occur and at in this state wall yield a natificatory resul. Portland as well as at Scattle or closwhere a The next legislature, instead of washing for a cautionary were at such times against with gruss soristitunional smemament, which upon such a drawal of receives from regular business for Prof.
